Subject: RE: Your activities for the BMJ

Dear Mr Walz,

As mentioned already in my enquiry to Prof. Tilmann, I would like to use this aspect in an article.

In his numerous statements on the "unitary patent", Prof. Tilmann is usually indicating to act in his capacity as Rechtsanwalt and/or University Professor, it is against this background that his comments are interpreted and evaluated. If additionally, he is also acting as an advisor for the BMJ, which is indicated already by your admission that the Spanish writ of summons from proceedings C-146/13 was forwarded to him for comment, then this should be disclosed.

Therefore, I again request information with regard to my questions below.  
With kind regards  
Ingve Stjerna

Subject: RE: Your activities for the BMJ

Dear Mr Walz,  
Dear Mr Karcher,

I contact you with regard to your responsibility in relation to the subject "unitary patent" in the BMJ and refer to my below correspondence with Prof. Tilmann.

According to the attached letter from Hogan Lovells, Prof. Tilmann was an advisor to the BMJ in the year 2012. Can you confirm that Prof. Tilmann is currently no longer acting as an advisor to the BMJ? If so, when did his advisory role for the BMJ end?

Unfortunately, it was not possible to finally clarify these questions in the previous correspondence, I would therefore be grateful for your answers.

With kind regards  
Ingve Stjerna

Subject: RE: Your activities for the BMJ

Many thanks. Could you please let me know when said advisory role for the BJ ended?

With kind regards  
Ingve Stjerna

Subject: Your activities for the BMJ

Dear Prof. Tilmann,

in the attached letter from the year 2012, it was mentioned that you were acting as an advisor to the BMJ. Could you please let me know whether you still exercise this advisory role at the moment? I require this information for an article, and I would be very grateful for your feedback.

With kind regards  
Ingve Stjerna
