Dear colleagues,

please find attached the 15th draft of the Rules of Procedure which if all goes according to plan will go into the consultation on Monday. Attached you will find also the slightly updated list of the participants in the different teams. In a third attachment you find the contact information of colleagues as far as the secretariat was able to gather the information. Not all telephone numbers have been made available so far but the e-mail addresses are complete. I would suggest therefore that you establish contact amongst team members and also exchange missing phone numbers yourselves which I would kindly ask you also to pass on to the secretariat.

While team 1 on the Rules of Procedure will get involved at a later stage on the basis of the comments received in the public consultation I already wish the other teams a very fruitful start of their work. I'm looking forward to receiving the colleagues names who are prepared to take on the role of a speaker in teams 2 to 7 and whom I could contact soon after my return to the office in mid-July.

Kind regards

Johannes
